

Padded Chairs

By Laura Miller

Cut Back and Seat from 1/16" wood. Sand edges smooth.

Cut legs from 1/16" x 1/16" strip wood.

Glue Seat to Back at 45 degree angle just above leg cutout area.

Glue legs to underside of Seat.

Cut Padded Back and Padded Seat from thin cardboard. Cut the same patterns from a dried out baby wipe. Balance pattern of textured side onto pattern pieces.

Glue baby wipe pieces to cardboard pieces. Paint front and sides with acrylic paint. When dry glue Padded Back to Back with bottom on Seat. Glue Padded Seat onto Seat with the back of it pushed up tight against Padded Back.

You're done.
